Address: No.118, The Second Industrial Zone, Changhong, Junhe Street, Baiyun District, Guangzhou City, Guangdo

Price: Check with seller

Polyfoil tube so-called, is made of PE+Aluminum. The polyfoil tube we provide has a lot of advantages. It is 100% new and has high quality. It has good protection measure and light weight. It is made of aluminum metal, which is recyclable and environmental friendly. And it is equipped with needle cap so that it is easy to open the mouth. A sealing mouth is a professional design and makes it special. In addition, it has an unsealing button which makes it easy to fill with. We use eco-friendly material and we can design it according to customers' requirements. The polyfoil tube can meet the requirements for different kinds of barrier properties and also protect various contents. The advanced print ability allows the exterior appearance to be exquisite with great presentation. We have rich experience, advanced equipment and large production line. If you are looking for it, welcome to buy or wholesale tubes from our factory.
