Address: 2325 S. Hwy Old 66, Kingman, Kingman  
Price: Free

I'm helping a friend by posting this.. In the photos The actual seat has been taken off for you to see what's involved as this does not run. My friend had it stored and through some time the scooter was forgot about. Soo, she new it worked great when originally stored but after time she new a part or Soo was taken off the. Unit. Soo, best offer will take this chair... Looks like it won't be to difficult for the person who knows it's mechanics as all is in pretty good shape
